To the Class of 2010:

'Go confidently in the direction of your dreams. Live the life you have imagined." We've been together forever, and as a class we have been through a lot. Starting school we barely knew each other, but as time progressed, memories were created, and we grew closer as a class. It will be weird to walk into a classroom in the fall and not see your familiar faces. As we go our separate ways, remember all of the memories we had together as "the perfect ten."

"I believe that everything happens for a reason. People change so that you can learn to let go, things go wrong so that you appreciate them when they're right, and sometimes good things fall apart so better things can fall together."

As the last Scullin in the G'town school system, I hope I have made you all "so proud." My life has been a roller coaster ride, and I couldn't have made it through without you. Thank you for being there with me every step of the way. I can't even express how much you all mean to me. I love you.

To my friends:

You know who you are. I have so many wonderful memories that will stay with me forever. I hope that the bonds we have created through the years will keep us connected even though we will be far apart. I wish you the best of luck in the

# Girls Soccer

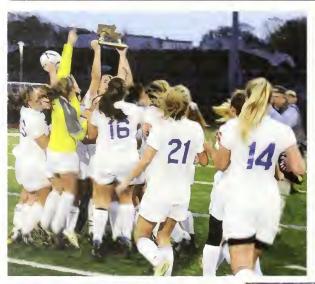

The 2009 Georgetown Girls Varsity Soccer Team had the most successful season that has ever been played. We became champions of the Division III North State Title and proceeded to Sates which has never been accomplished before. A final record of 17-5-1 is the best the program has seen, as well as a goal count of 72 goals for, 21 against. The record of highest number of goals scored was broken, along with a differential of 51 goals. A total team effort and hard work brought the team as far as it could. Passion, dedication and alacrity carried us through the season as we focused on one game at a time. Next season will bring just as much success and there are high expectations.

Andrew and Tracy, every memory, every thought we have of you brings smiles to our faces. We have shared some wonderful times together, some favorites: Storyland, Santa's Village, Disney, going to Greece with the entire family and Andrew's broken leg, the hot air balloon ride in Sedona, Az., baseball weekends, baseball parks with the Silvers, snow boarding and Tracy's broken wrist, and of course, playing "Who Wants to be a Millionaire" on the way to Myrtle Beach. You also had a memorable 13th birthday, The Amazing Race party and going to Italy with Memere and Grandpa.

Each of you is special in your own unique way and yet you are both intelligent and have a kind loving heart. We are proud of all you have accomplished and know there is so much more for you to experience. Enjoy this next step in your lives and always remember this – call home often!!!

#### SOLID FOUNDATIONS. STRONG RELATIONSHIPS.

# Bryce and Brittany,

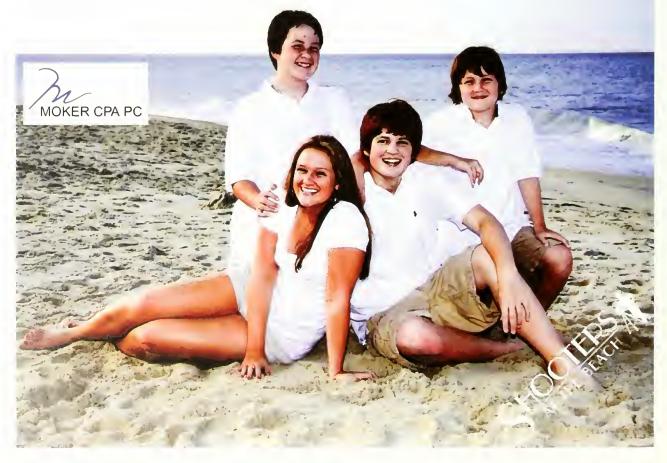

It's hard to believe that eighteen years have passed and this time comes with great joy and yet some sadness. We are so proud of the model citizens that you have become and are confident that you are ready to take your place in society and make a positive difference in the world. Your confidence, compassion, and ambition are a testament to your commitment to excellence while striking the balance of being children, teenagers, and young adults. You are about to endeavor in a new journey, one that is filled with uncertainty and yet much excitement. As we've always said, life is what you make out of it, talk is cheap, and each of you can play a major role in society and peoples' lives. It's all up to you.

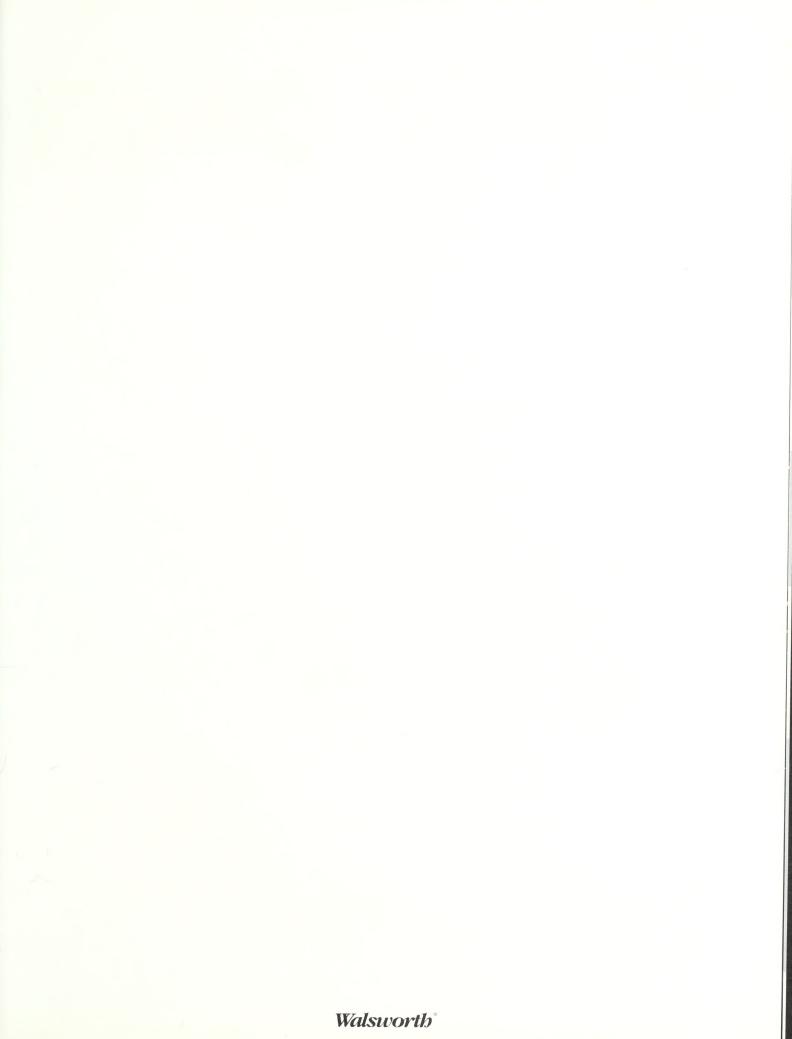

Bryce, we've watched you transform yourself, especially over the past few years to become a fine young gentleman. Your eyes have opened up to a whole new world, a world where your field in forensic biochemistry compliments your ambitions well. You should be proud of yourself and all of your hard work.

Brittany, your determination and relentless commitment to fairness and equity will take you far in life. It's not surprising that the areas of accounting and law interest you. You have been able to stand up to people and do what was right rather than what was popular. Take a step back and reflect and enjoy all that you've done. You should be proud.

We love you both and wish you the best in college. By the way, are your suitcases ready? Mom and Dad (especially Dad) needs a new workout room.

With love, Mom, Dad, Jason and Andrew.
